This matter comes before the Public Service Commission of South Carolina (the Commission) on two requests from Western Union Communications, Inc. (Western Union or the Company). Western Union first requests that that the Company be allowed to revise its tariff to reflect a change in the expiration date of their collectible series cards. These cards will expire one (1) year from the date of purchase. Second, Western Union requests that the Commission cancel its Certificate of Public Convenience and Necessity effective June 22, 1998. According to the Company, all Western Union calling cards will have expired by the date on which Western Union requests cancellation of its Certificate.

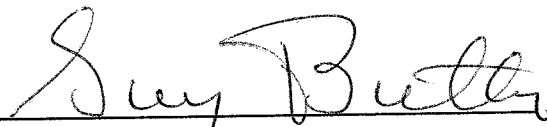

We have examined the entire record in this matter, and hold that both requests of the Company be granted. The tariff revision is hereby approved. Also, Western Union's Certificate shall be cancelled as of June 22, 1998.
